1 person has recommended Ed

"Ed and the Artec team provided theatre design and consulting services for the construction of the Fox Cities Performing Arts Center which opened in 2002. This facility is the finest of the four arts centers I've opened and managed. Ed has a complete understanding of the needs of the performer, the audience, and the management team of performing arts facilities. He is thorough and creative and his collegial style with the owner, architect, and general contractor contributed to a stress-free, enjoyable experience."

— **Kirk Metzger**, was Ed's client
